July 10<sup>th</sup>, 2017

TO: Architects

SUBJECT: City of Peru  
Peru Police Station RFQ  
Project # 17-11-BG  
**ADDENDUM No. 1**

---

This Addendum shall consist of the following:

The intention of this Addendum is to clarify the civil engineering services required for the RFQ submittal:

The City of Peru Engineering Department and Chamlin & Associates will be conducting the site survey and site development portions of the project.

The architect will need to enlist engineering services associated with the building design and construction only. These services include but are not limited to structural design and calculations, MEP drawings, etc..

This Addendum is posted at our website: [www.peru.il.us](http://www.peru.il.us)

Sincerely,

Eric Carls, P.E.  
City of Peru – City Engineer

cc: Mayor & Alderman
